Excellent, thanks a bunch. I should be able to get a signed copy back to you by tomorrow. Do I just need to send it to you or is there a secure portal I will need to upload it to? I seem to remember seeing something about that in your emails with Kelley.

Thanks!

Hey Devin,

No worries. I know we talked about putting a bunch of the FAR clauses back in that may not be applicable, but there's still a couple of my changes we need to keep:

Could you remove FAR 52.227-3 (Patent Indemnity)(pg 42) and DFARS 252.227-7020 (Right in Special Works)(pg 44)? They have indemnification language.

Also please remove DFARS 252.246-7001 (Warranty of Data) (pg 45) due to the warranty language.

We need Alt II for 52.216-7 (pg 45) because Auburn is an educational institution.

All of the others are fine to stay as is since we added the self-deleting clause for non-applicable ones.

Thanks!

Hi Devin,

Sorry it took me a little while to get through the contract. I am attaching the contract with my comments. Most of my redlining is for FAR clauses that aren't applicable to this scope of work. Anywhere there was an issue other than applicability, I made a specific comment.

I added language in the section incorporating all of the FAR clauses saying that any inapplicable clauses are self-deleting. That may be the cleanest way to handle it rather than going through every single clause since I know we want to get this agreement in place as quickly as possible.

Happy to chat if you have any comments/questions after you get a chance to review.

Thanks!
